11	Are the Health Care Quality Measures for Adults Enrolled in Medicaid standardised or customised? Please mention the details of measures to be recorded and customisations if any	Standardized – the specifications can be found on the web	Attachment A - 1.1.2.1
12	How many and what roles of users are you envisioning for this platform, i.e. Coding Reviewers, Administrative, Financial etc.	Up to 10 – data analysts and clinicians	n/a
13	Schedule of Events indicates a Bidders Conference scheduled for June 8, 2016. Can DVHA provide the time of the conference and call details so we may participate?	Revised and removed, per Amendments to RFP	n/a
14	As a private company, we do not typically disclose the information as requested in Schedule A. Can you please provide guidance on how we can best approach responding to this section for the HEDIS reporting products we propose?	The State does not accept that Schedule A requests any proprietary or confidential information, nor does it request any trade secret information. The schedule must be filled out so that it best encompasses what the vendor's costs include, if proposing a flat rate or rate per hour. If the State cannot determine how a vendor is costing their proposal, it can	Summary of Costs, Schedule A
